

Norfolk Women's & Girls Football League

Club Proposals

Blofield United

I would like to propose that the Girls U15 league for 20/21 move to an 11 aside format, with exceptions being made due to player and pitch availability so that if necessary matches will be 9 aside. This could be agreed by the managers when confirming fixture details with each other at the beginning of the week. If possible we would like this proposal to be voted on by just those teams playing in the 20/21 U15 league.

Tom Crowle, Blofield FC

Beccles Town FC

But I'd like to play 11v11 in the u16 age group next year. I know they are flexible on number; I'd like to do the same next year please.

Neil White, Beccles

Blofield United

Proposal U16 league runs same as 2019/20 league bases with 9 a side or 11 a side games being played where possible and/if sides able to raise numbers

Due to 2019/20 season not being completed thoughts to allowing or change to aging in u16 league to allow teams to continue with current sides yet still playing at u16 level/above age

Steve Ryan Blofield United

Bungay FC

I would like to propose where it's possible that the girls u16 2020/21 play 11 aside football next year. It Would be essential for all girls to have some experience playing 11 aside before going into full ladies football the following year.

Kevin O'Connor, Bungay FC

Gorleston FC I was wondering if it would be possible that 9 a side football for girls could start at u12's instead? I've also spoken to a few other Managers who would be interested in moving to 9 a side instead of 7.

Paul Dyer, Gorleston Diamonds U11's and U12's
